Introduction

Seville is one of Spain's major cities and is also the capital of the **Andalusia** region. It is full of narrow streets, **small plazas** and **beautiful parks** and gardens. Sevilla became a great city in **Muslim** times and became one of the wealthiest cities in Europe during the 16th century when it was an important trading post. On this full-day private shore excursion from Cadiz, you will be taken on a guided walking tour of Sevilla's most important monuments. Such as the **Giralda Tower**; at one time a minaret and today part of **Sevilla's cathedral**; **world's biggest Gothic temple** and the third largest **Christian cathedral**, the **Real Alcazar**; a fortified palace which later became the residence of various monarchs, and the **Old Quarter**.

Situated on the banks of the **Guadalquivir River**, Seville has a rich **Moorish heritage** and used to be a prosperous port that carried out trade with the Americas.

The streets and squares in the historic quarter of the capital of Andalusia are lively and busy. They treasure many constructions that have the World Heritage designation, and many districts are full of traditional culture, like Triana and La Macarena.

Museums and art centers, theme parks, cinemas, theatres and clubs are some of the many leisure options that a great city like Seville holds. Without forgetting, of course, the numerous terraces, inns and bars where visitors can practice one of the most deeply-rooted and tasty traditions in the city: "**Going out for tapas**".
