Introduction

Enjoy a **private wine day tour from Bilbao** to visit the famous wine region of **La Rioja**. Take a in-depeth look at Rioja wine country.

In 1860, Don Camilo Hurtado de Amézaga, **Marqués de Riscal** abandoned the traditional methods of elaboration of the area and inaugurated the **Modern Age of Rioja wines**. The starting point was the implantation of wine culture and technology imported from Bordeaux, at that time the centre of the winemaking revolution.

Marqués de Riscal, a winery founded in 1858 in the **Rioja wine-production region**, duly received a **Gehry makover**, with the 150-year-old winery transformed into a dazzling City of Wine complex, complete with a five-star hotel, spa, museum of viticulture and a wine shop. Speaking of the inspiration behind the complexity of the building, Gehry has explained that his aim was to incorporate the character of the region and its famous vintage within the building's exterior - the multi-coloured ribbon-like titanium facade reflecting the pink hues of Rioja, the silver foil shielding the cork, and the distinctive gold mesh which adorns all Marqués de Riscal bottles.

This tour takes you though the different locations where they produce Marques de Riscal wine. Join our **very knowledgeable winery tour guide**, who will tour you through all aspects of the winery from grape gathering to bottling. At the end of the tour you will taste several different wines.

Optionally, you could add-on other wineries such as **Dinastía Vivanco or Bodegas Muga**.
